

**HOW TO APPLY**  
**EACEA 23/2019**

**The applicant must submit the application in the following way:**

**STEP 1 – REGISTER/UPDATE YOUR COMPANY IN THE PARTICIPANT PORTAL**

In order to submit an application, applicants and co-applicants must provide their Participant Identification Code (PIC) in the application form. The PIC can be obtained by registering the organisation in the Participant's Register hosted in the Funding & Tender opportunities Portal.

<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/participant-register>

The Participant Register is a tool shared by other services of the European Commission. If an applicant or co-applicant already has a PIC that has been used for other programmes, the same PIC is valid for the present call for proposals.

The Funding & Tender Portal allows applicants and co-applicants, to upload or update the information related to their legal status and attach the requested legal and financial documents.

**The documents to be uploaded at this stage are:**

1. The **legal entity form** duly signed by the person authorised to enter into legally binding commitments on behalf of the applicant (to be downloaded from:

[http://ec.europa.eu/budget/contracts\\_grants/info\\_contracts/legal\\_entities/legal\\_entities\\_en.cfm](http://ec.europa.eu/budget/contracts_grants/info_contracts/legal_entities/legal_entities_en.cfm)

2. For private companies: extract from the official gazette/trade register, and certificate of liability to VAT (if, as in certain countries, the trade register number and VAT number are identical, only one of these documents is required).  
*For public entities: legal resolution or decision established in respect of the public company, or other official document established for the public-law entity.*

Please note that the above steps do not apply if the organisation has already a valid PIC. Please assure that the **information given** in the legal entity form (point 1 above) **is recent and coherent** with the supporting documents provided (point 2 above).

At the end of the registration process you will receive the Participant Identification Code (PIC CODE). This code is unique for each company and will be requested in the application form.

If after your registration any information related to your company changes you must update your company details in the portal and upload the relevant new documents.

Each partner intended to be a co-beneficiary of a multi-beneficiary agreement must also obtain a PIC and will have to upload the documents mentioned above under points 1. and 2.
